A WORD FROM OUR DIRECTOR

Children with special needs will always bloom, but it may be on their own timetable and certainly only with the right mix of conditions. Much like a flower, children need proper support and the correct environment to achieve their maximum potential. The services that MHP offers to the community create a feeling of hope and possibility for both the family and the child that we are working with. Hope truly blooms for the families and children we serve.

Last year at our 11th Annual Uncork Hope Fundraiser, the theme of the evening was 'Hope Grows'. The past two years have been a time of tremendous growth and success for MHP, as well as expanding our reach throughout the Commonwealth. Now this year as the call volume from parents requesting our services continues to rise, we have chosen the theme of 'Hope Blooms'.

MHP will be unveiling an exciting and unique new programmatic service the night of Uncork Hope this year! We have been working since last year's event to research and design a transition service to provide guidance and expertise for families to proactively prepare for their child's eventual aging out of the public school system and transition to adulthood. We chose this year's event venue, the Guzman Center at Faison School, as a nod to our community partner and the work that they are doing to support adults in the community desiring to live as independently and joyfully as possible.

We would love you to join us for our 12th annual signature event on November 3, 2023. We can promise the usual fun that you have come to know and expect: live musical entertainment, Wine & Spirits Wall, Silent Auction and more, and we have some special surprises worked into our evening as well. None of our work in the community would be possible without the generosity of our supporters, and we are grateful that you continue to serve as MHP's champions. We have built our successes together and we are grateful for you—our friends. Your Child is Our Mission.

Cheers,
